

## **Beth Tartar** **Royersford, Pennsylvania**

### **Biography**

At the Freedom Valley YMCA Early Learning Center, I am the toddler lead teacher. Concurrently, I am pursuing my Associate degree in Early Childhood Education at Montgomery County Community College, which I plan on completing in the fall of 2010. I have a great love for my husband of 6 months; shopping and watching football (go Eagles!). As for teaching, nothing is as fulfilling then watching a child learn and knowing that you were a part of it.

### **Project-“Sign Language”**

The resources will enable me to incorporate sign language seamlessly and effectively into my classroom of toddlers. Time to Sign curriculum will allow me to teach sign language simultaneously with any study that we may explore. This will allow the children to communicate all of their needs, wants, and thoughts in a positive way. Ultimately, this will not only increase their communication skills, but also their fine motor muscles, early reading skills, comprehension, and overall IQ.
